

# Wolftown Gin

## Product Images

## Description

This gin is like no other. The unique blend of botanicals has produced a contemporary gin with lower juniper than typical which allows its key ingredient sarsaparilla root to create a magical blend of orangey citrus with a hint of vanilla and with a warm and long citrus sarsaparilla juniper and spicy finish.

## Additional Information

SKU	942181
Description	This gin is like no other. The unique blend of botanicals has produced a contemporary gin with lower juniper than typical which allows its key ingredient sarsaparilla root to create a magical blend of orangey citrus with a hint of vanilla and with a warm and long citrus sarsaparilla juniper and spicy finish.
About Producer	What make s a TV Camera Operator and a Travel Agent want to set up a drinks brand. Well it started after a drink with friends, as these things usually do. We're well travelled and love our food and drink and realised that there wasn't a brand that was celebrating our beloved home town of Ulverston, so the morning after the night before, it still seemed like a good idea and Ulverston Gin was registered.
ABV	40
Ingredients	Wheat spirit, juniper, sarsaparilla root, ginger, cinnamon, orange zest, lemon zest, almonds, wolf berries and black pepper.
Perfect Serve	This gin is silky enough to sip on its own, or for a longer drink, serve with Lixir Blood Orange and Cinnamon Tonic; Fever Tree Aromatic or Naturally Light tonic with orange zest.
